

**Celebrate Real Pork Kids 'Que Presented by
the National Pork Board and the Kansas City Barbeque Society**

KCBS Ancillary Category Rules

Kids 'Que is an ancillary cooking competition for the next generation of cooks. It is a fun and safe way to get kids involved in outdoor cooking. KCBS and the National Pork Board have partnered on the Celebrate Real Pork series of Kids 'Que contests for 2021 and these rules are specific for those competitions.

All contestants/supervising adults are encouraged to photograph the entry and/or the cooking process to share, along with a description of the dish, on social media using #CelebrateRealPork and #iamkcbs. Winners are asked to submit their photo(s) to Contest@kcbs.us, so please be sure to capture some great pictures. By submitting, you are hereby granting rights for National Pork Board and KCBS to utilize the images on social media and any other marketing materials, and confirming that the child's parent or legal guardian has approved.

NPB Kids 'Que Rules – 2021

1. There will be 2 age divisions, ages 10 and under, and ages 11 through 15.
 - a. Ages 10 and under shall cook ground pork (Younger)
 - b. Ages 11 through 15 shall cook boneless pork chops (Older)
2. Each entry submitted shall be cooked by one child only.
3. Cooks are to provide their own meat and shall be subject to meat inspection.
4. A supervising adult must be present with the child during the entire cooking competition and may help with cutting, preparing or maintaining the heat source, or anything deemed dangerous. The supervising adult may also assist with checking the final temperature of the protein.

Date Revised:

5. The supervising adult should allow the child to make their own decisions; however, they are allowed to coach verbally. Remember that this should be fun for the child and allowing the child to make their own decisions is part of the experience.
6. The child must do the preparation, cooking, and presentation. This means that the child should be able to put his/her own protein on the grill/smoker, turn his/her own protein on the grill/smoker, remove the protein from the grill/smoker, and do all garnishing (if garnish is being used). If a child is unable to do all of these, he/she may not possess the skill to cook.
7. All KCBS Master Series rules shall apply with the following exceptions:
 - Cooks are encouraged to turn-in at least six (6) separate, identifiable portions just like with Master Series. However, this will not impact the judge's scores, positively or negatively, nor lead to a disqualification. If needed, judges will be prepared to slice / divide the entry as presented at the judging table.
 - KCBS rules on garnish do NOT apply. Additionally, other proteins may be used in a supporting role (e.g., bacon) as long as the ground pork (Younger) or boneless pork chop (Older) remains the primary protein. Accompanying or complementary ingredients (e.g., vegetables, cheese, buns/bread, fruits, etc.) are also allowed.
 - Team space may be shared by individual Kids 'Que participants and use the same cooking device or grill/smoker.

Please contact the contest's KCBS Rep with any additional questions.
